Current Initiatives

- Partnership with the American Cancer Society (ACS)
 - Met in person, currently discussing details of collaboration and MOU
 - Ideas include creating a list of national ongoing cancer outreach events for the API population and having ACS officially train our members in cancer education/screening

Current Initiatives

- Charles B. Wang Community Health Center
 - Good Health Day screening and health education (8/5 and 8/9 in Chinatown- Manhattan and Flushing)
- ACAP (Association of Chinese American Physicians)
 - Health fair/screening every October in Flushing

Future Initiatives

- Solidify and build ACS partnership : now- end of term
 - Negotiate terms of collaboration by mid-April
 - Share national events and cancer-related opportunities with our chapters
- Reach out to each chapter individually : end of April
 - Assess need for resources and encourage cancer-related event planning and participation
